

William Perkola

Product Owner · Software Engineer

About me

Curious engineer with a passion for understanding the *how* and the *why*. I value people, long-term thinking and continuing to learn by doing, together.

Personal Interests

- How it works
- Piano, guitar and choir
- Board games
- Motorcycling
- Camping

Professional Experience

- 2021 – Present **Product Owner**
OSTTRA 📍 Stockholm
- Own OSTTRA's inner-sourced design system, partnering closely with product teams and UX to drive adoption across 30+ teams.
 - Evolving the system for AI-assisted development, enabling agents and AI tools to consume and build with it directly.
 - Driving adoption across 30+ product teams at OSTTRA.
- 2017 - 2021 **Software Engineer**
OSTTRA / TriOptima 📍 Stockholm
- Full-stack role in a highly autonomous and experienced team, building a collateral management system and a settlement service using micro services on a private cloud infrastructure.
- 2015 - 2021 **Software Consultant**
Freelance 📍 Stockholm
- Working with mainly non-profit organizations designing, building and maintaining websites and digital payment systems.
- 2017 - 2017 **Master Thesis Student**
Scania Group 📍 Södertälje
- Using machine learning, at the C-ITS (Cooperative Intelligent Transport System) R&D department, to classify short-lived distributed hazard warning messages to road vehicles.
- 2016 - 2017 **Intern**
Scania Group 📍 Södertälje
- A year long internship programme at the R&D department for master's students.
- 2016 - 2016 **Mobile Developer**
Scania Group 📍 Södertälje
- Building a prototype for a map-based mobile application in a research project at the R&D department.
- 2014 - 2015 **Software Consultant**
Academic Work 📍 Stockholm
- Part time consultancy at an advertising company. Responsibilities consisted of maintaining multiple websites while developing a job search engine using the API of the Swedish Public Employment Service (Arbetsförmedlingen).

Education

- 2017 **Master of Engineering (M.Eng.), Computer Science**
KTH Royal Institute of Technology 📍 Stockholm
Thesis: *"Relevance classification of connected vehicles for short-lived distributed geospatial events"*.
- 2015 **Bachelor of Engineering (B.Eng.), Computer Science**
KTH Royal Institute of Technology 📍 Stockholm

Other Experience

- 2024 - Present **Secretary**
HSB BRF Vågskivan i Stockholm
- 2019 - 2023 **Chairman of the board**
BRF Stänkskärmen 20
